

HOW TO CHOOSE A VIBRATOR

THE ULTIMATE GUIDE

SIZE

| Large | Medium | Small |
|---|--|--|
| <ul style="list-style-type: none"> Insertable Length: At least 5 inches Girth: At least 4 inches <p>Ideal for women who enjoy a deep full sensation or those whose vaginal walls have loosened over time.</p> | <ul style="list-style-type: none"> Insertable Length: 3-5 inches Girth: Around 3 inches <p>Between small and large, these vibrators most closely imitate a "regular" sized penis and are ideal for clitoral as well as g-spot stimulation.</p> | <ul style="list-style-type: none"> Insertable Length: 1-3 inches Girth: 1-3 inches <p>Ideal for women with tight vaginas, for clitoral stimulation and as travel companions due to compact size.</p> |

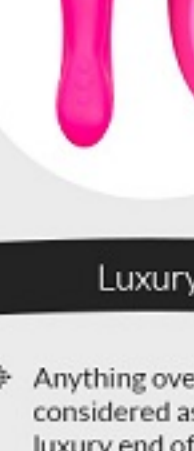

TYPE

| | | |
|---|---|--------------------------------|
| <ul style="list-style-type: none"> Shaped like a bullet. Ideal for clitoral, anal, nipple stimulation as well as shallow insertion. |  | Bullet |
| <ul style="list-style-type: none"> Bunny rabbit "ears" are attached to the shaft to stimulate the clitoris while the shaft stimulates internally. Designed to generate blended orgasms which occur when a lady orgasms internally and externally simultaneously. One of the most popular type of vibrators. |  | Bunny Rabbit |
| <ul style="list-style-type: none"> Strapped to the body with a harness that holds the butterfly against the vagina and clitoris. The speed and intensity of the vibration is controlled by a remote control thereby facilitating hands free stimulation. Those feeling adventurous can wear under their underwear to make a night out or the office that bit more exciting! |  | Butterfly |
| <ul style="list-style-type: none"> Cylindrically shaped. So called as first vibrators were typically in this shape. Ideal first vibrator due to ease of use. |  | Classic |
| <ul style="list-style-type: none"> Facilitate penetration of vagina and anus simultaneously. Ideal for women who enjoy or who are intrigued to try anal penetration. Not ideal as a first vibrator. |  | Double Penetration |
| <ul style="list-style-type: none"> Squirts water or lubricant in order to mimic the sensation of an ejaculating penis. Ideal for women who enjoy a "real sex" type feeling. |  | Ejaculating / Squirting |
| <ul style="list-style-type: none"> A small vibe that attaches to your finger thereby allowing precise stimulation. Discreet size makes ideal for bringing when travelling. |  | Finger |
| <ul style="list-style-type: none"> The curved tip design facilitates targeting the vibration to the g-spot area approximately 2 inches up on the frontal wall of the vagina. Tend to generate spectacular climaxes by focusing vibration precisely on this highly erogenous area. |  | G-Spot |
| <ul style="list-style-type: none"> Can be used not only for intimate massage but also as a full-body massager on both men and women. Often prescribed by sexual health professionals to women who struggle to climax. Holding the head of the wand to the clitoris can generate an extremely pleasurable sensation and powerful climaxes. The UK manufactured Doxy claims to be the world's most powerful magic wand. Wand attachments are also available for both men and women which can turn the wand into a penetrative toy. |  | Magic Wand Massagers |
| <ul style="list-style-type: none"> Some women demand a highly intense vibration from their toy. Typically older women will prefer a more intense vibration although women of all ages may enjoy a powerful solo session. |  | Powerful |
| <ul style="list-style-type: none"> Designed to mimic the look and feel of a real penis. Details such as veins, the scrotum and the glans tip (the bulbous part of the tip) are typically included. |  | Realistic |
| <ul style="list-style-type: none"> Remote control vibrators allow the user to control the pattern and intensity of the vibrator remotely. Controls are connected to the vibrator either by wire or wirelessly. Facilitate the user to lay back and enjoy hands-free fun or pass the controller to a partner to allow him/her take control. |  | Remote Control |
| <ul style="list-style-type: none"> Designed to make little to no noise to allow discreet fun. Ideal for people with kids or housemates. |  | Silent / Quiet |
| <ul style="list-style-type: none"> Tongue shaped, these vibs are designed to mimic the sensation of being kissed on the clitoris and vulva. |  | Tongue |
| <ul style="list-style-type: none"> The shaft thrusts up and down to mimic the sensation of a thrusting penis. Higher end models will allow you to control the pattern and intensity of the thrusting. |  | Thrusting |
| <ul style="list-style-type: none"> Designed to "cover all bases" of the vagina, clitoris and anus. Gives a sensation overload as all three erogenous areas are stimulated simultaneously. Not ideal as a first vibe but perfect for those looking to push the boundaries and take their pleasure journey to a whole new level. |  | Triple |
| <ul style="list-style-type: none"> Egg shaped and come in various sizes from the very small to the quite large. Ideal for precise stimulation of the anus, clitoris or nipples. Typically attached by wire to a remote control to allow for total insertion and easy retrieval post climax. |  | Vibrating Love Eggs |
| <ul style="list-style-type: none"> Underwear with a vibrator built into the gusset for clitoral stimulation. The speed and intensity of the vibration is controlled by remote control. Passing the remote to your partner on a night out can spice up even the dulllest of get-togethers! |  | Vibrating Underwear |
| <ul style="list-style-type: none"> Can be used in the shower or bath for an aqua-climax! |  | Waterproof |

POWER SOURCE

| | | |
|---|---|----------------|
| <ul style="list-style-type: none"> Mains powered vibs tend to give an even more intense sensation than can battery powered vibs. Important to check cord length before buying to ensure it is not restrictive. |  | Mains |
| <ul style="list-style-type: none"> Most vibs are battery powered and some will be rechargeable. Regular users or those who enjoy lengthy solo sessions should consider a rechargeable vibe to avoid running out of power mid-session. |  | Battery |

PRICE RANGE

| | | |
|--|---|-----------------------------|
| <ul style="list-style-type: none"> Anything for £20 or less is considered quite low cost. Low cost vibrators are a little smaller than their more expensive counterparts. Are unlikely to be rechargeable or made from more expensive products such as silicone. Will tend to have either a single or a limited selection of vibrate patterns and intensities. |  | Low Cost £20 or Less |
| <ul style="list-style-type: none"> Vibes priced £20-£50 are considered mid-price. The majority of vibrators fall into this category. Vibes in this category are more likely to be made of silicone, be rechargeable and/or have various vibration patterns / intensities than low cost vibs. |  | Mid-range £20 - £50 |
| <ul style="list-style-type: none"> Anything over £50 can be considered as being in the luxury end of the market. Products of this price are typically from well-known and trusted brands like Lelo, Doxy, Nalonde etc. |  | Luxury £50+ |

MATERIAL

| | | |
|---|---|---------------------|
| <ul style="list-style-type: none"> Feels like silk against the skin and so is the ideal material for a pleasure toy. Tends to be a little more expensive than jelly rubber. |  | Silicone |
| <ul style="list-style-type: none"> Ideal material to mimic the fleshy feeling of a penis. Tends to be less expensive to the more luxurious silicone. |  | Jelly Rubber |
| <ul style="list-style-type: none"> Can be warmed up or cooled down by placing in hot or cold water. Idea for those whose sex or solo sessions have become a little dull and so are looking for something a bit different. |  | Glass |
